

PABLO PRIOR MOLINA

ABOUT ME

Senior student in **Videogame Design and Development Engineering** with a passion for creating **interactive experiences** and skills in **programming** and **teamwork**. I excel in creative problem-solving and user-focused project development, with a strong attention to detail and dedication to bringing ideas to life. My goal is to create games that are not only entertaining but also offer a **meaningful experience**. I am eager to apply my knowledge and **technical skills** to contribute in an innovative and challenging environment.
